

## **INSURANCE PATIENTS**

Please notify us of any changes to your insurance prior to being seen to avoid any additional charges to you or delays in processing your insurance claims.

As an in-network provider, your insurance dictates the amount you owe, therefore, any treatment plan estimate we give you is only an estimate. When your explanation of benefits is received, we will true up your account. We do not send out bills, but we will call you if there is any discrepancy between your treatment plan estimate and your insurance explanation of benefits. You are responsible for any difference.

We do not send in predeterminations to insurance companies. If you would like to know your exact amount due, you may contact your insurance company with our treatment plan, which includes the CDT codes you will need.
